

KANSAS CITY TERMINAL RAILWAY COMPANY

GENERAL ORDER NO. 10

June 8, 2020

ALL CONCERNED:

PTC territory is specified in the Greater KC Operating Instructions, KCT Insert.

Effective 08:00 hrs on Tuesday, June 9th, 2020, Canadian Pacific Trains may operate in PTC territory with PTC cut in.

Only BNSF, CP, and KCS trains are authorized to cut in PTC. All other train movements will not cut in PTC, unless authorized by KCT Director of Transportation.

If a train is initialized with PTC on the KCT, they do not need to verify with the KCT Dispatcher what Daily Operating Bulletin they used to initiate with.

Trains who are not active with PTC on the KCT will need to continue to verify the DOB number with the KCT Dispatcher.

Currently you need to have a BNSF, KCS, KCSM, or CP locomotive to be able to initialize.

Robert S. Tatum
Director of Transportation
Kansas City Terminal Railway Co.
